

OTHER PEOPLE

LP

Em D FA#m
I never tried to be a hero
Em D FA#m
You took us from the stars to zero

[Chorus]
Em
We had a love devout without a shred of doubt
D FA#m
We never worried 'bout other people
Em
You broke the spell and wanted something else
D FA#m
Well, go fuck yourself with other people
Em D FA#m
Other people

Em D FA#m
No more song, no more dance, no dance floor
Em D FA#m
We left it all to chance, no encore

[Chorus]
Em
We had a love devout without a shred of doubt
D FA#m
We never worried 'bout other people
Em
You broke the spell and wanted something else
D FA#m
Well, go fuck yourself with other people

Em
Oh, baby it's just your body
Go, lay it on everybody
D
They won't be there when you're sorry
FA#m
Other people
Em
Oh, baby it's just your body
Will it know that you love somebody
D
Who won't be there when you're sorry?
FA#m
Other people

Em
Thank you baby, thank you babe
D FA#m
Darling don't explain, don't explain
Em
Thank you baby, thank you babe
D FA#m
Darling don't explain, don't explain
Em
We had a love devout without a shred of doubt

We never worried 'bout other people
